Sultan Hasbie

Designer and Social
Media Specialist

OBJECTIVE

Hello I am Muhammad Sultan Hasbie Asshiddiqie, I am committed to producing high-quality work with a focus on visual aesthetics, functionality, and user experience satisfaction. I am seeking opportunities to join a dynamic team where I can contribute to creating stunning designs and positively influence user experiences. I focus on data analysis and trends to identify growth opportunities, enhance audience engagement, and achieve digital marketing objectives. I am interested in applying my understanding of consumer behavior and social media platforms to assist brands in achieving significant results in their marketing strategies

EXPERIENCE

Teaching Assistant 2020- 2022
Networking Laboratory Jember University

Assisting instructors in delivering course materials to junior students in the field of networking. Serving as a network laboratory assistant and creating learning modules for practical sessions.

Social Media Management 2020- 2022
Networking Laboratory Jember University

Managing the networking laboratory's social media platforms and providing information regarding the academic calendar for each semester.

Front-end Developer 2020- 2022
PT Ruang Raya Indonesia

Developing websites using the Chakra-UI framework and managing website functionality using Zustand, ensuring user-friendly features and interfaces
